## RCMA Welcomes ICP Group as Association's Newest Member

Washington, D.C. (May 11, 2021) – The Roof Coatings Manufacturers Association (RCMA) is proud to announce that Innovative Chemical Products (ICP Group), a leading manufacturer of coatings, adhesives and sealants, has become the association's newest member.

"RCMA is pleased to welcome ICP Group as a member, and we look forward to seeing how they can contribute to the association" said RCMA Executive Director Dan Quinonez. "Our ability to serve as the leading voice in this sector of the roofing industry is bolstered by their membership."

Founded in 2015, ICP Group is headquartered in Andover, Mass. and serves multiple end markets, including building materials, specialty construction, industrial, packaging, printing and sports surfaces. Through acquisitions and organic growth, ICP Group has earned recognition as one of the largest global coatings manufacturers in the world.

"As one of the leading providers of roof coatings products, ICP Group is proud to be joining RCMA as its newest member," said Jay Doubman, president of ICP Building Solutions Group. "Being a part of RCMA gives us the opportunity, as dedicated members, to connect with industry professionals and bring more growth and awareness to the roof coating industry."

RCMA currently offers two membership categories:

- **Regular Membership** is open to any firm, partnership, or corporation that manufactures or sells private labeled cold-process protective roof coatings, cold-process pavement maintenance coatings, patching and repair compounds, or cold-process industrial coatings.
- **Associate Membership** is open to any firm, partnership or corporation engaged in the business of supplying products, equipment, machinery or services used by RCMA Regular Members.

More information on RCMA membership can be found at [roofcoatings.org/membership-benefits](http://roofcoatings.org/membership-benefits).

###

**About RCMA:** The Roof Coatings Manufacturers Association (RCMA) is the national trade association representing the manufacturers of asphaltic and solar reflective roof coatings and the suppliers to the roof coatings industry. Established in 1982, RCMA is a leading industry voice, promoting the benefits of roof coatings and providing its membership with up-to-date information on building codes and standards, technical developments, and other industry topics of interest. RCMA has more than 70 members who manufacture in or ship products to almost every state in the country.
