We, the undersigned, do hereby provide this application for membership in the Roof Coatings Manufacturers Association [RCMA]. We have read and understand the membership category definitions described in this application. We agree to abide by the Articles of Incorporation and the Bylaws of the Association, to pay all duly levied dues and assessments, and to offer our cooperation in the activities of the Association to further its objectives within the limits provided by the Bylaws.

Please Print or Type:

Company _____

Website _____

Please briefly describe your company including the products you manufacture and/or sell:

Types of Membership (Please Select One)

Associate Member:

Any firm, partnership or corporation engaged in the business of supplying products, equipment, machinery or services to Regular Members [manufacturers of cold process protective roof coatings] for use in their businesses shall be eligible for membership as an Associate Member. Associate members with sales under \$10 million will pay \$4,000 and members with sales totaling \$10 million or more will pay \$8,000.

Regular Member:

Any firm, partnership, or corporation engaged in the business of manufacturing [or selling private-labeled] [a] cold-process protective roof coatings, [b] cold-process pavement maintenance coatings, patching and repair compounds, or [c] cold-process industrial coatings, shall be eligible for membership as a Regular Member. The coatings described in this membership category shall include both bituminous and reflective products. Dues are based on the volume of product shipped: a flat fee of \$2,887.50 shall apply up to the first 50,000 gallons of product shipped, plus \$315 for increments of every additional 50,000 gallons shipped, with a maximum dues amount capped at \$23,100.

Determination of Regular Member Dues: Because dues are based upon the volume of product shipped, it is necessary for RCMA to obtain specific information in order to determine the appropriate dues for a member. To facilitate this and to guarantee confidentiality, RCMA engages an outside fiduciary, Association Research Inc. (ARI), to receive the shipment information and determine the appropriate dues amount. That is the only information that RCMA receives, and a company's dues amount is not shared with any other members. Shortly after mailing in this application you will receive information from ARI regarding the determination of your dues. An example of a dues calculation for XYZ company follows below:

Example:

XYZ Company manufactures both bituminous and reflective products. For 2016, the volume of XYZ's shipments for all of its roof coatings products was 400,000 gallons. XYZ's total regular member dues for 2017 would be \$4,600.00.

Signature _____ Title _____

Print/Type Name _____ Sponsor Name [if any] _____
